LANGUAGES

- English: C1 (Advanced)
- Spanish: Native
- German: B1

TECHNICAL SKILLS

ANNOTATION TOOLS

Labelbox, CVAT, VGG Image Annotator, Roboflow.

COMPUTER VISION

Object Detection, Segmentation, Keypoint Tagging, Video Tracking.

COMPLIANCE

Strict Confidentiality, NSFW Content Management, QA Standards.

PROFESSIONAL PROFILE

Detail-oriented Data Annotation Specialist with a background in Visual Arts and a Technical Specialization in AI from DigiTech. Expert in labeling complex datasets for Computer Vision models. Committed to high-quality data integrity and comfortable handling sensitive or NSFW visual content with full professionalism and confidentiality.

FREELANCE & RELEVANT EXPERIENCE

Visual Data Annotator (Contractor)

2024 - Present

Freelance AI Lab (Remote)

- Perform high-precision image segmentation and bounding box annotation for autonomous driving datasets.
- Tag and label video sequences for human action recognition models.
- Review and audit existing labels to ensure 99%+ accuracy following strict project guidelines.

Digital Content Integrator

2023

Telefónica Tech

- Assisted in the categorization of large-scale image databases for internal cloud services.
- Maintained consistency across metadata tagging for diverse media assets.

Multimedia Design Intern

2022

Indra (Defense & Security)

- Supported visual documentation processes for mission-critical system interfaces.
- Collaborated with engineering teams to validate visual output accuracy.

EDUCATION

Specialization in AI & Big Data (600h)

DigiTech Madrid - Advanced modules in Computer Vision and Data Labeling.

B.A. in Fine Arts & Digital Design

Universidad Complutense de Madrid - Visual Analysis and Composition Expert.

COMMITMENT

- Available for immediate start on a remote contract basis.
- Flexible schedule with 20-40 hours weekly availability.
- Proven ability to follow detailed instructions and meet productivity targets.
